(1) **IN GENERAL.**—Section 1703 is amended to read as follows:

“§ 1703. Veterans Community Care Program

“(a) **IN GENERAL.**—(1) There is established a program to furnish hospital care, medical services, and extended care services to covered veterans through health care providers specified in subsection (c).

“(2) The Secretary shall coordinate the furnishing of hospital care, medical services, and extended care services under this section to covered veterans, including coordination of, at a minimum, the following:

“(A) Ensuring the scheduling of medical appointments in a timely manner and the establishment of a mechanism to receive medical records from non-Department providers.

“(B) Ensuring continuity of care and services.

“(C) Ensuring coordination among regional networks if the covered veteran accesses care and services in a different network than the regional network in which the covered veteran resides.

“(D) Ensuring that covered veterans do not experience a lapse in care resulting from errors or delays by the Department or its contractors or an unusual or excessive burden in accessing hospital care, medical services, or extended care services.

“(3) A covered veteran may only receive care or services under this section upon the authorization of such care or services by the Secretary.

“(b) COVERED VETERANS.—For purposes of this section, a covered veteran is any veteran who—

“(1) is enrolled in the system of annual patient enrollment established and operated under section 1705 of this title; or

“(c) HEALTH CARE PROVIDERS SPECIFIED.—Health care providers specified in this subsection are the following:

“(E) the covered veteran and the covered veteran’s referring clinician agree that furnishing care and services through a non-Department entity or provider would be in the best medical interest of the covered veteran based upon criteria developed by the Secretary.

“(2) The Secretary shall ensure that the criteria developed under paragraph (1)(E) include consideration of the following:

“(A) The distance between the covered veteran and the facility that provides the hospital care, medical services, or extended care services the veteran needs.

“(iv) Whether there is compelling reason, as determined by the Secretary, that the veteran needs to receive hospital care, medical services, or extended care services from a medical facility other than a medical facility of the Department.

“(v) Such other considerations as the Secretary considers appropriate.

“(3) If the Secretary has determined that the Department does not offer the care or services the covered veteran requires under subparagraph (A) of paragraph (1), that the Department does not operate a full-service medical facility in the State in which the covered veteran resides under subparagraph (B) of such paragraph,

that the covered veteran is described under subparagraph (C) of such paragraph, or that the Department is not able to furnish care or services in a manner that complies with designated access standards developed by the Secretary under section 1703B of this title under subparagraph (D) of such paragraph, the decision to receive hospital care, medical services, or extended care services under such subparagraphs from a health care provider specified in subsection (c) shall be at the election of the veteran.

“(B) In carrying out subparagraph (A), the Secretary shall—

“(i) measure timeliness of the medical service line at a facility of the Department when compared with the same medical service line at different Department facilities; and

“(ii) measure quality at a medical service line of a facility of the Department by comparing it with two or more distinct and appropriate quality measures at non-Department medical service lines.

“(C)(i) The Secretary may not concurrently furnish hospital care, medical services, or extended care services under subparagraph (A) with respect to more than three medical service lines described in such subparagraph at any one health care facility of the Department.

“(ii) The Secretary may not concurrently furnish hospital care, medical services, or extended care services under subparagraph (A) with respect to more than 36 medical service lines nationally described in such subparagraph.

“(2) The Secretary may limit the types of hospital care, medical services, or extended care services covered veterans may receive under paragraph (1) in terms of the length of time such care and services will be available, the location at which such care and services will be available, and the clinical care and services that will be available.

“(3)(A) Except as provided for in subparagraph (B), the hospital care, medical services, and extended care services authorized under paragraph (1) with respect to a medical service line shall cease when the remediation described in section 1706A with respect to such medical service line is complete.

“(B) The Secretary shall ensure continuity and coordination of care for any veteran who elects to receive care or services under paragraph (1) from a health care provider specified in subsection (c) through the completion of an episode of care.

“(4) The Secretary shall publish in the Federal Register, and shall take all reasonable steps to provide direct notice to covered veterans affected under this subsection, at least once each year stating the time period during which such care and services will be available, the location or locations where such care and services will be available, and the clinical services available at each location under this subsection in accordance with regulations the Secretary shall prescribe.

“(5) When the Secretary exercises the authority under paragraph (1), the decision to receive care or services under such paragraph from a health care provider specified in subsection (c) shall be at the election of the covered veteran.

“(g) TIERED NETWORK.—(1) To promote the provision of high-quality and high-value hospital care, medical services, and extended care services under this section, the Secretary may develop a tiered provider network of eligible providers based on criteria established by the Secretary for purposes of this section.

“(2) In developing a tiered provider network of eligible providers under paragraph (1), the Secretary shall not prioritize providers in a tier over providers in any other tier in a manner that limits the choice of a covered veteran in selecting a health care provider specified in subsection (c) for receipt of hospital care, medical services, or extended care services under this section.

“(h) CONTRACTS TO ESTABLISH NETWORKS OF HEALTH CARE PROVIDERS.—(1) The Secretary shall enter into consolidated, competitively bid contracts to establish networks of health care providers specified in paragraphs (1) and (5) of subsection (c) for purposes of providing sufficient access to hospital care, medical services, or extended care services under this section.

“(ii) it is reasonable to terminate the contract based on the health care needs of veterans; or

“(iii) it is reasonable to terminate the contract based on coverage provided by contracts or sharing agreements entered into under authorities other than this section.

“(B) Nothing in subparagraph (A) may be construed to restrict the authority of the Secretary to terminate a contract entered into under paragraph (1) under any other provision of law.

“(4) Whenever the Secretary provides notice to an entity that the entity is failing to meet contractual obligations entered into under paragraph (1), the Secretary shall submit to the Committee on Veterans’ Affairs of the Senate and the Committee on Veterans’ Affairs of the House of Representatives a report on such failure. Such report shall include the following:

“(ii) Whether the Department has enacted certification and eligibility criteria and regulatory procedures by which non-Department providers will be authorized under this section.

“(6) The Secretary shall establish a system or systems for monitoring the quality of care provided to covered veterans through a network under this subsection and for assessing the quality of hospital care, medical services, and extended care services furnished through such network before the renewal of the contract for such network.
